About Innocure Remedies

INNOCURE REMEDIES

Advance Herbal Innovation

To pioneer the development of novel herbal formulations that cater to various healthcare needs — with an initial focus on wound healing and a vision to expand into other therapeutic segments using natural, plant-based solutions

Integrate Modern Technology with Tradition

To combine advanced technologies such as nanotechnology with polyherbal compositions, enhancing bioavailability, therapeutic efficiency, and patient outcomes through faster recovery and reduced infection risks.

Enhance Quality of Life

To provide cost-effective, reliable, and sustainable herbal products that not only serve specific therapeutic purposes but also promote overall health and well-being.

Offer Holistic and Scientifically Backed Solutions

To deliver herbal medicinal and cosmetic products that are both natural and scientifically validated, offering holistic care through safe, effective, and well-researched ingredients.

POLYHERBAL

Achyranthus aspera

Anti inflammatory
Antioxidant

Moringa oleifera

Antidiabetic property
high tissue regeneration

Phyllanthus niruri

Antimicrobial activity

INNOCURE REMEDIES

Easy application
for all wound types

Targeted care with
sustained action

For soothing and deep healing

HEALTH

HERBALPLAST

Unique features

- Polyherbal Composition: Combines *Achyranthus aspera, Moringa oleifera, and Phyllanthus niruri for synergistic wound healing.
- Transdermal Delivery
- Accelerates Healing
- Non-Invasive & Painless
- Safe for chronic wound conditions like diabetic foot ulcers.

Precautions

- For external use only
- Clean Wound Before Use
- Don't leave the patch on for longer than advised
- Store in a cool, dry place

How to use

- Clean and Wash the wound gently with antiseptic solution or clean water.
- Dry the wound and surrounding skin dry with a sterile cloth
- Remove the protective layer from the patch.
- Apply the Patch and Place it directly over the wound
- Smooth out any air bubbles and press gently to ensure good adhesion.
- Remove and replace the patch every 12–24 hours or as advised.
- Discard used patches in a sanitary manner.

solution

HEALTH

HERBALPLAST GEL

Unique features

- Polyherbal Composition: Combines *Achyranthus aspera, Moringa oleifera, and Phyllanthus niruri for synergistic wound healing.
- Non-Greasy & Fast Absorbing
- Cooling & Soothing Effect
- Accelerates Healing

Precautions

- For external use only – do not ingest.
- Avoid contact with eyes and mucous membranes.
- Do a patch test before first use if you have sensitive skin.
- Store in a cool, dry place, away from sunlight.
- Keep out of reach of children.

How to use

- Cleanse the affected area gently with warm water or sterile saline.
- Apply a thin layer of Herbalplast Gel directly onto the wound or irritated skin.
- Do not rub vigorously; allow the gel to absorb naturally.
- Use 2-3 times daily or as directed by your healthcare provider.

HERBALPLAST GEL
